If you think that will work, yes. I put a new gc/ms and new gc on the equipment list. I don't if we'll get either but they are at the top.

**Subject:** GC Tower Repair

Hi Julie,

It's a tough month for instruments. We just fixed GC/MS and then our new GC tower fails. Cheapest way is repairing \$882 with loaner \$310, or exchange \$1948. Do you want me to go ahead with repair and loaner?  
Thanks,

Jim
